

American Perfumer and Cosmetics

Index of Volume 78

Published by Allured Publishing Company
1031 South Boulevard, Oak Park, Illinois, U.S.A.

January-December, 1963

A

- A presentation of the medical aspects of guanidine salts—A. Shansky, December, 29
Acceleration of new product development—M. J. Root, June, 42
Acetoglycerides in Cosmetics—C. H. Benton, October, 37
methyl ionones, August, 27
Aerosol foam. Factors affecting wetting property of—T. J. Lin and M. G. deNavarre, April, 40
An investigation of the antimicrobial properties of absolutes—Jasper Maruzzella, Ph.D., March, 19
Antimicrobial Agents in Cosmetic Preparations—L. G. Gershenfeld, October, 55
Antimicrobial properties of absolutes. An investigation of the—Jasper Maruzzella, Ph.D., March, 19
Antioxidants and Control of Oxidative Deterioration in Cosmetics—Dr. R. H. Rosenwald, October, 41
Astringent Specialties—A. M. Rubino, October, 83

B

- Bacteriostatic agents in cosmetics—Albert M. Kligman, May, 51
Branched Chain Compounds in Cosmetics—M. G. deNavarre, October, 79

C

- Cellulose Ethers—What They Are and Their Use in Cosmetics—A. H. Knechtel, October, 95
Citrus Oils. Instrumental Analysis of—James A. Rogers, Jr., November, 17
Clay Suspending Agents in Cosmetic Formulations—G. Sperandio, October, 99
Cologne came in characters—Clarence T. Hubbard, May, 28
Color palette. Current cosmetic—Harris Holtzman, February, 27
Comparative tests on sodium cyclamate as a sweetening agent—L. C. Brookes, May, 47
Condensation and the Cannizzaro reaction of Tetrahydrocital—Ping-Hsein Yeh, February, 32
Consolidated Formula Index—October, 34
Consolidated index of Tables & Graphs—October, 34
Current cosmetic color palette—Harris Holtzman, Feb. 27
Cyclamate as a sweetening agent. Comparative tests on sodium—L. C. Brookes, May, 47

D

- Dyeing hair without the use of an oxidizing agent. Methods of—Rachel C. Heald, April, 40

E

- Eau de Cologne—Simone Rillon, May, 25
Environmental perfuming—R. T. Swaine, June, 35
Epidermal respiration. The measurement of—I. S. Longmuir, August, 35
Evaluation of coldpressed grapefruit oil—J. W. Kesterson & R. Hendrickson, May, 32
Evolution of the Toilet Goods Association—William Lambert, June, 29

F

- Factors affecting wetting property of aerosol foam—T. J. Lin and M. G. deNavarre, April, 40
Formula Index. Consolidated—October, 34
Fragrant Flowers and Leaves, Part 7—The Loganiaceae—Edward S. Maurer, January, 23
Fragrant flowers and leaves, Part 8—The Asclepiadaceae—E. S. Maurer, August, 37
Future of synthetic aromatics in soaps and detergents—T. D. Parks, June, 38

G

- Gas chromatography to cosmetology. Some applications of—Victor R. Wheatley, January, 27
General characteristics and applications of the montmorillonite hydrocolloids—Martin Barr, February, 37
Guanidine salts. A presentation of the medical aspects of—A. Shansky, December, 29
Guanidine Salts in Permanent Waving. Toxicity and Performance of—Herman Bogaty and Robert P. Giovacchini, November, 45
Guanidine thioglycolate for cold permanent waving—A. Shansky, August, 32

H

- Hydrogen peroxide in cosmetic preparations—A. P. Men-tecki, March, 17

I

- Instrumentation as Applied to a Number of Aromatic and Flavoring Materials—V. Daniel Johnston, November, 24
Instrumentation as Applied to Rare and Essential Oils—Carl Mann, November, 15
The Infrared spectra of the ionones and methyl ionones—E. T. Theimer, W. T. Somerville, B. M. Mitzner, S. Lemberg, August, 27
Instrumental Analysis of Citrus Oils—James A. Rogers, Jr., November, 17
Ionones and methyl ionones. The Infrared spectra of the—E. T. Theimer, W. T. Somerville, B. M. Mitzner, S. Lemberg, August, 27
Isopropyl Fatty Esters in Cosmetic Formulation, The Use of—G. Holzner, October, 89

L

- Leaf alcohol (cis 3-hexen-1 ol)—P. Bedoukian, December, 31

M

- Measurement of Product Acceptance—John A. Coleman, November, 29
Measurement of epidermal respiration—I. S. Longmuir, August, 35
Measurement of Research Performance—Fred C. Theile, November, 33
Method of increasing the water vapor porosity of fat materials—U.S. Patent #3,035,987, December, 40
Methods of dyeing hair without the use of an oxidizing Agent—Rachel C. Heald, April, 40
Montmorillonite Hydrocolloids. General characteristics an application of the—Martin Barr, February, 37

N

- New Product Development. Acceleration of—M. J. Root, June, 42
The odor stimulus—R. W. Moncrieff, December, 37

O

- Olfactory adaptation—R. W. Moncrieff, January, 15

P

- Perfumers to the rostrum—A. H. Moeller, June, 50
Perfumery materials. Progress in—Paul Z. Bedoukian, Ph.D., April, 24
Perfumery Practices in Various Countries—Oliver I. Marton, November, 25
Persorption in topical therapeutics—Amos Light, January, 19
Perspiration exist independent of the sweat gland?, does insensible—O. K. Jacobi, August 23
Photolysis of dl-menthol nitrite—E. R. Townley and P. Kabasakalian, February, 22
Pinene aromatics in Britain. Synthesis of the—Max Erni, May, 37
Presentation of the medical aspects of guanidine salts—A. Shansky, December, 29
Progress in Perfumery materials—Paul Z. Bedoukian, Ph.D., April, 24
Proteins in Cosmetics—R. S. Burnett, October, 69
Purchasing Practices in Perfumery and Flavoring Materials—Louis G. Pochat, November, 40

R

- Reactive dyes as colourants for human hair—A. D. Broadbent, March, 21

S

- Seaweed Derivatives in Cosmetic Formulation—E. Thomson, October, 45
Seborrhea Capitis with Biphenamine Hydrochloride. The Treatment of—Irwin I. Lubowe, M.D., January, 25

- Selling the true concept of fragrance—W. G. Mennen, Jr., June, 47
Sensitizers and a Sensitive Bureaucracy—Warren Freedman, March, 40
Significance of skin respiration—Henry Goldschmiedt, Ph.D., February, 24
Soaps. Usage and Stability of Perfumes in—Ing. E. Gorokhoff-Nyon, March, 27
Solids Blending—M. Scott, December, 25
Some applications of gas chromatography to cosmetology—Victor R. Wheatley, January, 27
Olfactory learning, some observations on—E. J. Shoben, Jr., June, 44
Specialty Polyols—R. K. Lehne, October, 103
Starches in Tropical Preparations—R. E. Faust, October, 51
Sun Burn Protection and Sun Tan—S. I. Kreps, October, 73
Synthesis of the pinene aromatics in Britain—Max Erni, May, 37
Synthetic aromatics in soaps and detergents. The future of—T. D. Parks, June, 38

T

- Tables & Graphs. Consolidated index of—October, 34
Tetrahydrocitril. Condensation and the Cannizzaro reaction of—Ping-Hsein Yeh, February, 32
Toilet Goods Association. The evolution of the—William Lambert, June, 29
Toxicity and Performance of Guanidine Salts in Permanent Waving—Herman Bogaty and Robert P. Giovacchini, November, 45
The Treatment of Seborrhea Capitis with Biphenamine Hydrochloride—Irwin I. Lubowe, M.D., January, 25

U

- Usage and Stability of Perfumes in Soaps—Ing. E. Gorokhoff-Nyon, March, 27

W

- Water vapor porosity of fat materials. Method of increasing the—U.S. Patent #3,035,987, December, 40

Index of Authors

B

- Baer, M. D., Rudolph L.: Safety evaluation by dermatologists, Sept. 41
Barr, Martin: General characteristics and application of the montmorillonite hydrocolloids, February 37
Bedoukian, Paul Z., Ph.D.: Progress in Perfumery materials, April 24
Bedoukian, P.: Leaf alcohol (cis 3-hexen-1-ol), December 31
Benton, C. H.: Acetoglycerides in Cosmetics, October 37
Bogaty, Herman and Robert P. Giovacchini: Toxicity and Performance of Guanidine Salts in Permanent Waving, November 45
Broadbent, A. D.: Reactive dyes as colourants for human hair, March 21
Brookes, L. C.: Comparative tests on sodium cyclamate as a sweetening agent, May 47
Burnett, R. S.: Proteins in Cosmetics, October 69

C

- Coleman, John A.: Measurement of Product Acceptance, November 29

D

- deNavarre, M. G.: Branched Chain Compounds in Cosmetics, October 79
deNavarre, M. G. and T. J. Lin: Factors affecting wetting property of aerosol foam, April 36

E

- Erni, Max: Synthesis of the pinene aromatics in Britain, May 37

F

- Faust, R. E.: Starches in Topical Preparations, October 51
Freedman, Warren: Sensitizers and A Sensitive Bureaucracy, March 40

G

- Gershenfeld, L.: Antimicrobial Agents in Cosmetic Preparations, October 55
Giovacchini, Robert P., and Herman Bogaty: Toxicity and Performance of Guanidine Salts in Permanent Waving, November 45
Goldman, Dr. Richard G.: Sonic Applications in the Cosmetic Industry, September 34
Goldschmiedt, Henry, Ph.D.: Significance of skin respiration, February 24
Gorokhoff-Nyon, Ing. E.: Usage and Stability of Perfumes in Soaps, March 27

H

- Heald, Rachel C.: Methods of dyeing hair without the use of an oxidizing agent, April 40
Hendrickson, R. and J. W. Kesterson: Evaluation of cold-pressed grapefruit oil, May 32
Holtzman, Harris: Current cosmetic color palette, February 27
Holzner, G.: The Use of Isopropyl Fatty Esters in Cosmetic Formulation, October 89
Hubbard, Clarence T.: Cologne came in characters, May 28

Jacobi, O. K.: Does insensible perspiration exist independent of the sweat gland? August 23
 Johnston, V. Daniel: Instrumentation as Applied to a Number of Aromatic and Flavoring Materials, November 24

K

Kabasakalian, P., and E. R. Townley: Photolysis of dl-menthol nitrite, February 22
 Kesterson, J. W. and R. Hendrickson: Evaluation of cold-pressed grapefruit oil, May 32
 Kligman, Albert M.: Bacteriostatic agents in cosmetics, May 51
 Knechtel, A. H.: Cellulose Ethers—What they Are and Their Use in Cosmetics, October 95

Wheatley, Victor R.: Some applications of gas chromatography to cosmetology, January 27
 Wilmsmann, Dr. Hermann: The inhibition of saccharase activity by anionics—a screening test for physiological compatibility, Sept. 21

HIERATIS

• An Arabian Incense note, with unusual smoothness. Faithfully reproduces the warm and hieratic fragrance of burning incense.

• 160-5th Ave., New York 10, N.Y. CHelsea 3-1937

DIANTHEME B

• Very flowery and very tenacious base for Carnation perfumes and those of the "Spicy" type.

Descollonges
